

Calvatis GmbH

Institutional

Your partner for... ...innovative hygiene management

Calvatis is one of the leading independent manufacturers of cleaning and disinfection products. We offer our customers individual hygiene concepts based on this experience. Calvatis has been successfully represented in the global market for over 75 years with its calgonit product range.

The main applications are in

- Hygiene consulting and hygiene management
- Beverage industry
- Food industry
- Institutions
- Milk-processing industry
- Agriculture
- Equipment and systems technology
- Water treatment
- Laundry
- Production to order

calvatis
calgonit
industrial

Calvatis has a mature product range of over 1,000 branded products in the calgonit product lines and can therefore provide integrated hygiene concepts for all areas.

Calvatis develops and produces at its Ladenburg site in Germany, from where it also coordinates global sales of products and services.

Calvatis products and the company's comprehensive services provide all customers with top quality at an optimal price/performance ratio.

Calvatis is certified according to ► DIN EN ISO 9001 and ► DIN EN ISO 14001

Calvatis specialises in the production of cleaning and disinfection products, particularly when it comes to services, to ensure clear differentiation from competitors.

High quality and environmental awareness are second nature for Calvatis, are lived, maintained and continuously adapted to the increasing demands in the market.

What we can do for you!

- ✓ Regular service visits
- ✓ Compilation of professional hygiene plans
- ✓ Very well-trained staff
- ✓ Microbiological examinations (DIN 10510)
- ✓ Annual training and instruction
- ✓ Comprehensive total portfolio
- ✓ Own systems technology; planning and implementation of dosing systems

Acid

tru-lit GSM Entkalker

tru-lit GSM Entkalker is a liquid acidic detergent concentrate. The product removes inorganic deposits like limescale and rust in dish washers, chafing dishes, combi steamers and ovens with automatic cleaning system. tru-lit GSM Entkalker also removes rust and discolourations from tiles and brightens up aluminum.

Regenerating salt

Neutral

Claramat Spezialsalz

6 x 2 kg 

Claramat Spezialsalz is suitable for regenerating ion exchangers in commercial dishwashers and to renew the water softening capacities of the dishwasher. This guarantees a shiny and streak free cleaning result.

Siedesalz Tabletten

Siedesalz-Tabletten are a special regeneration salt for water softening systems with automatic water regeneration.

Housekeeping

General

Alkaline

tru-lit R-25 Glas

tru-lit R-25 Glas is a versatile detergent suitable for cleaning of all smooth and sensitive surfaces like glass, mirrors, marble and tiles. tru-lit R-25 Glas cleans quickly, thoroughly and efficiently. The product removes even tenacious soils like fat and nicotine. tru-lit R-25 Glas is economic in use and leaves streak-free and sparkling surfaces.

8 x 750 ml

5 L

tru-lit R-40 Amino

8 x 750 ml 

tru-lit R-40 Amino is a specially developed cleaner for all surfaces where food residues cause unpleasant odours. This is especially the case with beverage return systems and their surroundings. Surfaces are gently cleaned and odours are greatly reduced. The hygienic condition on the treated surfaces is significantly improved. Soiling on evaporator systems can also be cleaned off gently with tru-lit R-40 Amino.

Sanitary cleaner

Acid

tru-lit C-15 Sano

tru-lit C-15 Sano is an acidic cleaner designed for the application on all sorts of surfaces which usually appear in sanitary areas. tru-lit C-15 Sano is appropriate for purification of walls, floors, mountings as well as any sanitary objects. tru-lit C-15 Sano removes effectively soil and scale deposits leaving a convenient and fresh odour.

8 x 750 ml

10,1 kg

tru-lit C-14 WC Gel

12 x 750 ml 

tru-lit C-14 WC Gel is a concentrated, phosphoric acid based product which removes persistent rust, lime and urine scale as well as dirt and excrements. It is used to clean toilet and urinal bowls, leaving a pleasant smell. Highly diluted, it is suitable for cleaning of acid-resistant surfaces. Due to its viscous consistency, tru-lit C-14 WC Gel adheres to the surface for a long time, thus allowing a long exposure time.

Sanitary cleaner

Acid

Solvin ES

24 kg 
1000 kg  Solvin ES is a powerful descalant based on hydrochloric acid and corrosion inhibitors. The product is designed for removal of scale in bottle washing machines, steam jet and high pressure devices as well as hot water equipment. Solvin ES removes residues of plaster and concrete from utensils, machines and transport vehicles.

tru-lit Bio Kalklöser

tru-lit Bio Kalklöser is a descaling product based on organic acids. The product is designed for descaling of water heaters such as coffee-, espresso-, tea machines, immersion heaters and heating spirals. tru-lit Bio Kalklöser removes easily lime spots from all surfaces in the sanitary area and leaves hygienically treated surfaces.

 12 x 1 L

tru-lit R-10 Bath

8 x 750 ml  tru-lit R-10 Bath is an acidic cleaner designed for use on all types of surfaces normally found in sanitary areas. tru-lit R-10 Bath is suitable for cleaning of walls, floors, fittings and all sanitary objects. tru-lit R-10 Bath effectively removes soil and limescale deposits leaving a pleasant and fresh smell.

Universal cleaner

Neutral

calgonit NU 009

calgonit NU 009 is a liquid, high foaming detergent concentrate. It is an ideal general purpose cleaner for all laquered and polished surfaces, glass and plastics and is especially suitable for use on transport vehicles, packaging machines and other equipment in the food industry. calgonit NU 009 has excellent solving capability for many types of soil, specifically for fats and oils and is easily rinsed off.

 20 kg

 1000 kg

calgonit Intensiv Fettlöser

10 kg

calgonit Intensiv Fettlöser is designed for efficient and fast manual cleaning of machinery, utensils, tables, dishes, tiles, glass and vehicles used in the food processing industry. calgonit Intensiv Fettlöser is based on a combination of active surfactants and thus guarantees an excellent cleaning action. calgonit Intensiv Fettlöser is pH neutral and has an excellent grease and oil solving action.

Universal cleaner

Chlorine

tru-lit R-30 Chlorine

8 x 750 ml

tru-lit R-30 Chlorine is a powerful, chlorine-containing cleaner for use in commercial kitchens and all other food processing areas. tru-lit R-30 Chlorine effortlessly dissolves greasy and burnt-in residues and removes mould stains as well as all bleachable discolorations. tru-lit R-30 Chlorine leaves the treated surfaces in a perfect hygienic condition.

Special cleaner

Neutral

tru-lit VA Star

tru-lit VA Star cleans and maintains polished surfaces and all kinds of stainless steel. The special combination of purified white oils eliminates and prevents finger prints as well as water spots leaving a shining protective film on the treated surfaces. tru-lit VA Star is thin bodied, easy to handle and efficient.

12 x 1 L

tru-lit C-16 Scrub is a scouring milk with natural abrasives and fat solvents. It has a high grease dissolving power and safely removes heavy incrustations and soilings from the surface. tru-lit C-16 Scrub is suitable for cleaning washbasins and kitchen sinks, as well as scratch-resistant surfaces.

tru-lit C-16 SCRUB

Disinfection

tru-lit MAR*

4 x 1 L 

tru-lit MAR is a highly effective disinfecting detergent based on microbicidal surfactants and washing-active substances. The microbicidal spectrum of activity includes Gram-positive and Gram-negative bacteria, yeasts and fungi. The microbicidal activity is hardly affected by protein and water hardness. tru-lit MAR is odorless, dissolves grease and protein, has a good soil-carrying capacity and is low corrosive. tru-lit MAR is especially suitable for cleaning and disinfecting of machines and machine parts as well as for use in automated cleaning processes in the institutional areas.

calgonit DS 650 T*

calgonit DS 650 T sanitation rags are ready-for-use on alcohol resistant surfaces. calgonit DS 650 T is perfume free and leaves no residues on treated surfaces. It is especially suitable for rapid disinfection in the food processing industry. Due to the special composition calgonit DS 650 T is well tolerated by skin and particularly suitable for allergic persons. Discolorations of materials which are often a problem in presence of aldehydes will not take place after the use of calgonit DS 650 T.

Disinfection

Disinfection

calgonit DS 683*

calgonit DS 683 is a surface active, mildly alkaline detergent with disinfecting properties based on microbiocidal alkylamines. The product has a broad spectrum of activity against gram positive and gram negative bacteria, yeasts and fungi. calgonit DS 683 is scarcely affected in its activity by protein, is good fat solving, nearly odourless and non corrosive. calgonit DS 683 is generally suitable for wipe, soak and spray applications manually and can also be applied with foam equipment. Calgonit DS 683 is suitable to clean and disinfect work surfaces, equipment, filling machines, walls and floors in the food and beverage industry. The product can also be used for footbaths in hygiene sluices. Calgonit DS 683 does not attack surfaces made of aluminium.

Alkaline

calgonit DS 666*

calgonit DS 666 is a highly alkaline foam detergent for use in the food and beverage industry and is suitable for the surface cleaning of machines, apparatuses, containers, tiled walls and floors. The combination of high pH and efficient biocidal active substances reduces a broad spectrum of harmful bacteria. The product forms a very stable foam for enhanced contact time also on vertical surfaces. calgonit DS 666 removes especially organic contamination like fat and protein. calgonit DS 666 can be used for nearly all water conditions and is easy to rinse. The product is suitable for copper, brass and bronze.

Chlorine

calgonit sporex*

calgonit sporex is a liquid, slightly alkaline disinfectant with high content of active chlorine to be applied in the food and beverage industry. calgonit sporex is suitable for disinfection of surfaces, tanks, containers, pipe work and hoses, for use in crate washers and warm water stages of bottle washing machines as well as for treatment of cutting boards.

*Use biocidal products with care. Always read label and product information before use.

Floor and Building maintenance

Floor cleaner

Alkaline

tru-lit GR 50

tru-lit GR 50 is a dirt solvent with a pH-value as an all purpose detergent. The product is suitable for basic and maintenance cleaning for stoneware with porous surfaces. It is ideal for stone floors made of marble, travertine, granite, slate, concrete and other alkali resistant natural or reconstituted stones. tru-lit GR 50 also removes soiling from sensitive resilient flooring like linoleum or rubber. tru-lit GR 50 cuts through crusted soil and grease as well as polymer films. It is an optimal combination of agents which solves heavy soiling. Due to its foam free formulation tru-lit GR 50 is especially suitable for auto-scrubber. Anti slipping properties are not affected.

tru-lit GR 70

10,2 kg

tru-lit GR 70 is a dirt solvent with a pH-value as an all purpose detergent. The product is suitable for basic and maintenance cleaning for stoneware with porous surfaces. Floor cleaner set

Disinfection

Hygiene for your floor cleaning machine

Scrubber-driers help to clean floors quickly and easily, but this system also has certain weaknesses. Time and again, annoying odours occur with the machines. This does not primarily come from the dirty water tank, but mainly from the fresh water tank, because tap water is not sterile. The bacteria that are brought in fresh every day multiply magnificently in the heat around the motor. Thus, the fresh water is already heavily colonised in a very short time and the machine additionally distributes these germs throughout the entire building.

calgonit System DES*

calgonit System DES is a disinfectant concentrate for filling into the full fresh water tank. Pour the entire contents of the bottle into the fresh water tank and fill up to the upper mark with water and leave to soak overnight. Leave in the machine the next day and start cleaning as normal. calgonit System DES is designed to come into contact with calgonit GR 70 and does not cause precipitation. The microbicidal alkylamine base guarantees very high material compatibility on all machine parts. It reliably kills bacteria, yeasts, fungi and enveloped viruses.

calgonit GR 70

calgonit GR 70 is a dirt remover with the pH value of an all-purpose cleaner. The product is particularly suitable as a basic and maintenance cleaner for stoneware and porcelain stoneware with porous surfaces, also in the food industry. calgonit GR 70 also removes soiling from sensitive elastic floor coverings such as linoleum and rubber. calgonit GR 70 penetrates dirt and grease incrustations and ensures pore-deep cleaning.

Chlorine

calgonit CF 300*

calgonit CF 300 is a liquid alkaline foam cleaner with biocidal active chlorine. The product is suitable for removal of organic soils from all surfaces in the food processing industry. It builds up a stable foam and has good fat solving properties. calgonit CF 300 is hard water tolerant, can easily be rinsed off and provides excellent hygienic conditions.

calgonit CF 310 is a liquid alkaline foam detergent with active chlorine. It can be used in all areas of the food and beverages industry to remove organic soil contaminants from machinery, containers, tiled walls and floors. calgonit CF 310 is hard water tolerant and can easily be rinsed off.

calgonit CF 310

calgonit CF 315

calgonit CF 315 is a liquid alkaline foam detergent with active chlorine designed for use in the food and beverage industry. The product is suitable for all degrees of water hardness and contains a special inhibitor allowing the use on aluminium and galvanized steel. calgonit CF 315 removes effectively fat and protein as well as any other persistent, organic deposits. It leaves the cleaned surfaces in excellent hygienic condition. calgonit CF 315 is normally applied for foam cleaning of machinery, tanks, tiled walls and floors. The product gives a stable foam and is easily rinsed off. For basic cleaning of heavily soiled parts or containers calgonit CF 315 could be used for immersion cleaning.

Alkaline

calgonit NF 5401 is liquid foam detergent with high caustic content specifically designed to remove stubborn soils like tar, burned starch and greases in the food industry. The product develops an excellent foam and is mainly used for smoke house cleaning.

calgonit HDN is a mildly alkaline, foaming, liquid product effectively removing heavy fat, oil and resinified soilings. It is compatible with most materials normally used and primarily designed for cleaning motor vehicles, engines, engine parts and awnings. calgonit HDN is also used for cleaning of surfaces in the food and beverage industry.

Foam cleaner

Acid

calgonit SF 504

calgonit SF 504 is an ideal multi purpose, strong acidic foam cleaner for the food and beverage industry. An optimized combination of powerful surfactants with mineral acids and emulsifying agents makes the product very effective for the removal of tenacious deposits of protein, grease and hard water scale. calgonit SF 504 is easy to remove from surfaces and leaves a shiny surface after rinsing.

calgonit SF 522

calgonit SF 522 is an acid, phosphate-free foam cleaner designed for use in the food and beverage industry. Due to a special surfactant composition, the product produces a very stable, long clinging foam and removes even tenacious soils like lime scale, rust and protein as well as residual alkalinity. calgonit SF 522 produces hygienic clean and sparkling surfaces.

Circulation cleaner

Acid

calgonit SN 542

calgonit SN 542 is an strongly acidic detergent for application in the food and beverage industry. The product has excellent wetting abilities and is able to solve fat, protein as well as inorganic deposits. calgonit SN 542 is suitable for CIP cleaning of containers, tanks, pipe work and for spray application in crate washing machines. It is also suitable for manual cleaning of surfaces made of stainless steel. calgonit SN 542 is low foaming above 30°C, reusable and easily rinsed off.

Personal hygiene

Personal hygiene

Neutral

calgonit Handreiniger geruchsneutral

calgonit Handreiniger has a strong cleaning effect, is pH-neutral and lipid regulating, whereby an excellent skin tolerance is achieved. calgonit Handreiniger doesn't leave soap- and soil residues in sinks and is economic in use.

tru-lit Cremeseife is a liquid soap based on mild eudermic substances. Lipid regulating ingredients ensure best possible protection and care of the skin even with frequent use. tru-lit Cremeseife is pH-neutral and dermatologically tested. tru-lit Cremeseife is unscented and therefore suitable for the food processing industry.

tru-lit Cremeseife

calgonit HA 026

calgonit HA 026 is a ready-to-use, liquid lotion for hand cleaning and decontamination. The use of calgonit HA 026 essentially improves hand hygiene of personnel handling food in production. calgonit HA 026 is suitable for regularly cleaning of soiled hands, especially before hand sanitizing.

Disinfection

calgonit Des-H*

Personal hygiene is an important and essentially component in hygienically sensitive areas in the food and other industries. The required reduction of bacteria in the production and packing areas is mostly achieved by using a hand disinfection. Products for hand disinfection need a good skin tolerance, short contact time and broad spectrum kill. calgonit Des-H meets this requirements. calgonit Des-H contains neither ethanol nor raw materials of animal origin. Thus calgonit Des-H meets the Kosher and Halal requirements in the food processing industry.

calgonit Des-HE*

Personal hygiene is an important and essentially component in hygienically sensitive areas in the food and other industries. The required reduction of bacteria in the production and packing areas is achieved by using calgonit Des-HE. The product meets the high requirements for good skin tolerance, short contact time and a broad spectrum kill regarding bacteria, yeasts and enveloped viruses. Typical representatives like Corona virus, Flu virus and also the unenveloped norovirus are reliably and irreversibly inactivated. calgonit Des-HE is based on ethanol from sustainable biological sources and therefore has a characteristic odor.

*Use biocidal products with care. Always read label and product information before use.

calgonit Hautschutzlotion

calgonit Hautschutzlotion is a low fattening and quickly absorbing protection and care lotion for stressed skin. The product cares, soothes and smoothes the skin. The lotion is easy to apply and provides a pleasant skin sensation. calgonit Hautschutzlotion is suitable for protection of heavily demanded skin which is regular in contact with degreasing detergents. It's ideal for areas where skin care and protection in connection with quick absorbance is necessary. calgonit Hautschutzlotion is especially suitable for employees in the industry, the food processing industry, trades, hotels, restaurants, hospitals and care and residential homes.

6 x 500 ml

Paper / Accessories

Towel paper 1-ply Natural white

5000 sheet

These paper towels made of 100% recycled paper are very environmentally friendly and therefore very economical to use. These 1-ply paper towels have been very popular in clinics, day care centers and in various industries for many years.

- ✓ Cost-effective basic product for washroom hygiene
- ✓ Clean and hygienic
- ✓ Suitable for any washroom

Towel paper 2-ply White

2-ply folded towels made of high quality cellulose for convenient hand drying.

- ✓ Designed for maximum functionality
- ✓ Large, absorbent towels
- ✓ Fast, efficient drying of hands
- ✓ Hygienic and practical

3200 sheet

Towel paper 2-ply Bright white

3200 sheet

2-ply folded towels made of high quality cellulose for convenient hand drying. These paper towels are soft to the touch and dry wet hands quickly and well. In most cases, one towel is sufficient. This hygiene product is therefore extremely advantageous from an economic point of view.

- ✓ Efficient in use
- ✓ High absorbency
- ✓ Very tear resistant
- ✓ Pleasantly soft

Towel paper Katrin ONE STOP M2

Katrin Classic One Stop M2 folded towels are very absorbent and soft folded towels in interfold format. These paper towels with new LIM technology embossing have a very fast moisture absorption and are hypoallergenic tested. Katrin One Stop M2 folded towels are ideal for food processing companies.

- ✓ Soft, skin-friendly cloth
- ✓ Paper unfolds to its full length
- ✓ Only one sheet is dispensed at a time
- ✓ One sheet is sufficient for hand drying

3360 sheet

6 rolls

The 1-ply towel roll made of 100% cellular material for convenient hand drying. The towel roll with inside unwinding is white and has embossing.

- ✓ approx. 300 m running meter
- ✓ Quick drying of hands

Towel roll 1-ply

Toilet paper

Toilet paper 2-ply White

Toilet paper 2-ply in white with 250 sheets per roll is an absorbent toilet paper for maximum comfort.

- ✓ Good absorbent paper for maximum comfort
- ✓ Conventional toilet paper roll for everyday use

250 sheet / roll

Toilet paper JUMBO 2-ply

758 sheet / roll

JUMBO 2-ply toilet paper is made of high quality pulp. The absorbent bright white toilet paper provides maximum comfort.

- ✓ 758 sheets per roll
- ✓ with suction embossing

Toilet paper 3-ply Bright white

The 3-ply toilet paper in bright white is particularly soft and ensures maximum comfort.

- ✓ 100% pulp with embossing
- ✓ 250 sheets per roll

250 sheet / roll

Toilet paper-Roll Katrin 2-ply

36 rolls / Carton

Toilet paper 2-ply in white is an absorbent toilet paper for maximum comfort.

- ✓ Soft, effective quality toilet paper For use with Katrin System toilet paper dispenser
- ✓ Very large roll (800 sheets), dispenser holds 2 rolls
- ✓ Suitable for areas with medium consumption
- ✓ Controlled individual dispensing of sheets reduces consumption and improves hygiene
- ✓ Certified with the Nordic Swan eco-label

Other paper products

Kitchen roll 3-ply Bright white

50 sheet / roll

The 3-ply kitchen roll offers enormous absorbency and a high suction speed. The high-quality household towels are very tear-resistant and absorb very well thanks to the special embossing. Since these 3-ply kitchen towels are very robust even when wet, the towels are suitable for many different purposes.

- ✓ Very absorbent and robust
- ✓ 100% cellulose with absorbent embossing
